

Welcome!!!

Getting Started with Moja

Welcome!!

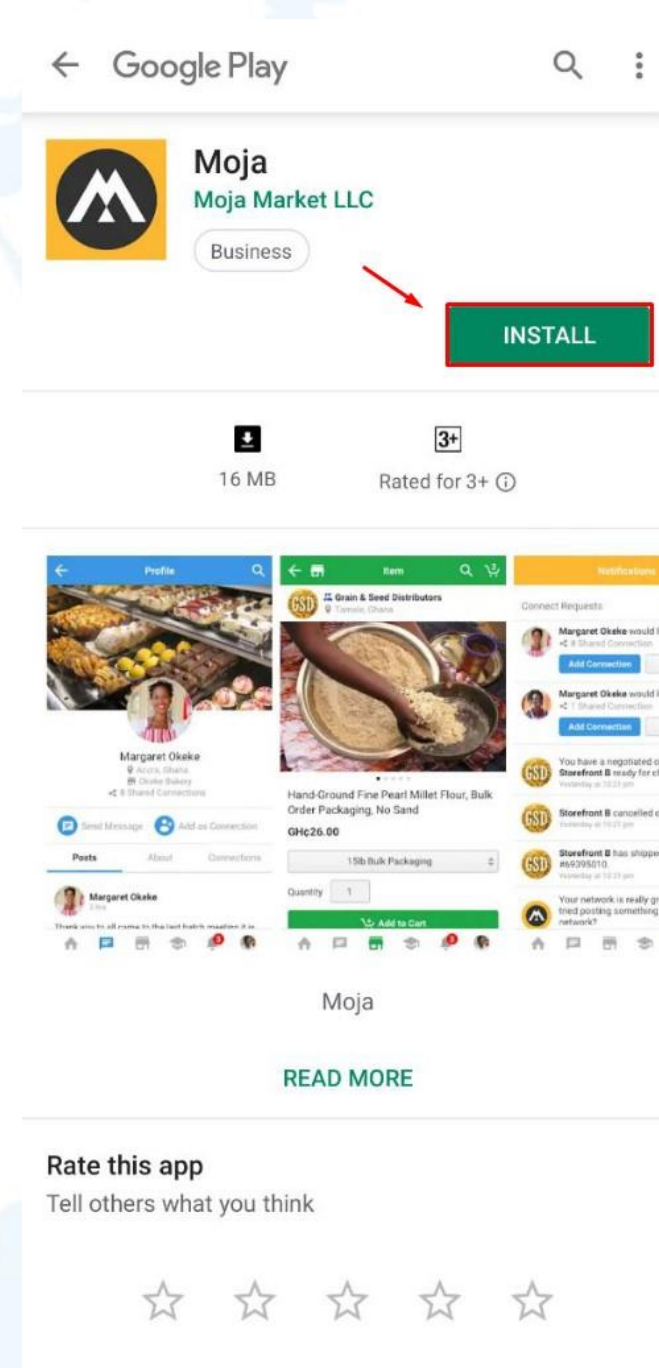

What is Moja?

- Moja is Swahili for the number 1
- Moja is your ONE source to connect, trade and learn right in the palm of your hand!
- Have access to Trusted Networks to sell your products and services
- Build your networks quickly
- Access to educational content to help you sustain and grow your business
- Connect locally with your Moja Center for WiFi, support and training

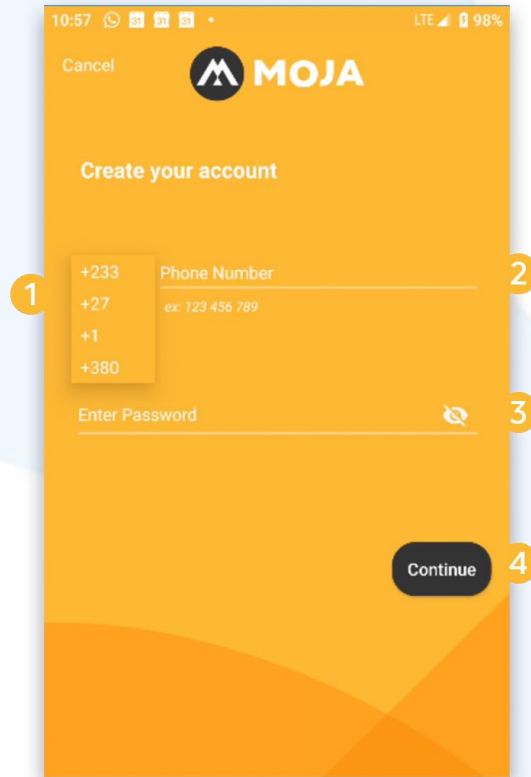

Download Moja from the Google Play store.

In Google Play, tap the “Install”.

Begin using Moja on your phone by launching the app from your app drawer (menu).

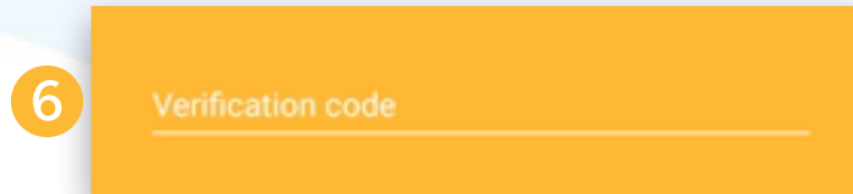

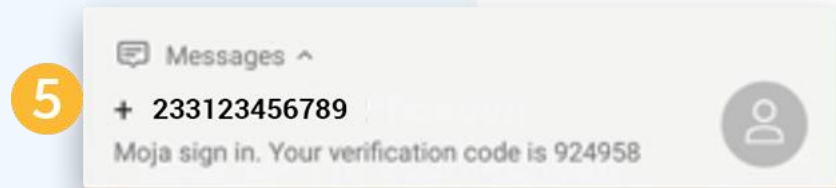

Step 1: Create Account

1. Choose your country code if needed by tapping on the country code number.
2. Tap on the space where it says “Phone Number” and enter your number using the keypad that appears.
3. Enter a password - greater than 6 characters
4. Tap Continue

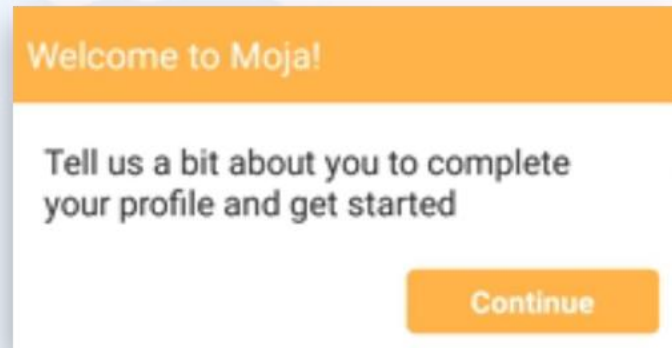

Step 1: Create Account

5. You will receive a Verification code via SMS
6. Type the Verification Code into the space provided and tap continue.

Welcome to Moja!

Your name

John Arko 2

Location

Address

Boundary Road, Madina 2

City

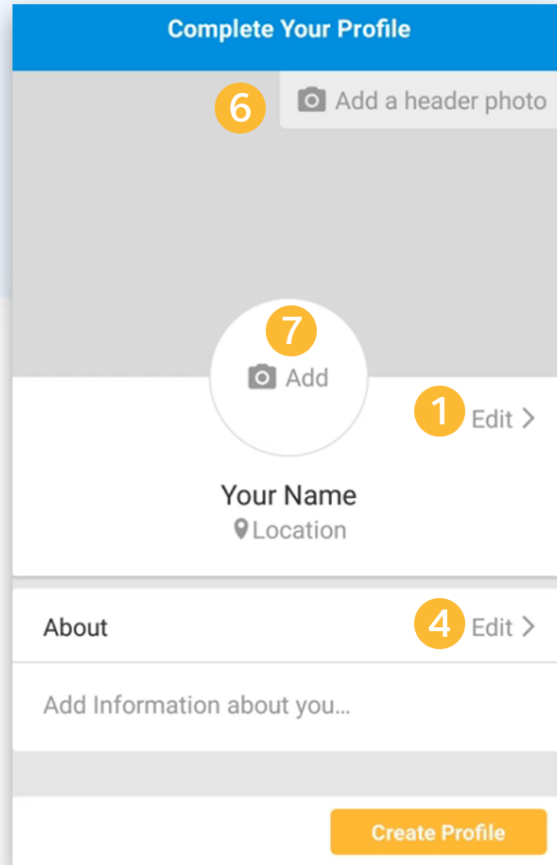

Accra 2

Country

Ghana

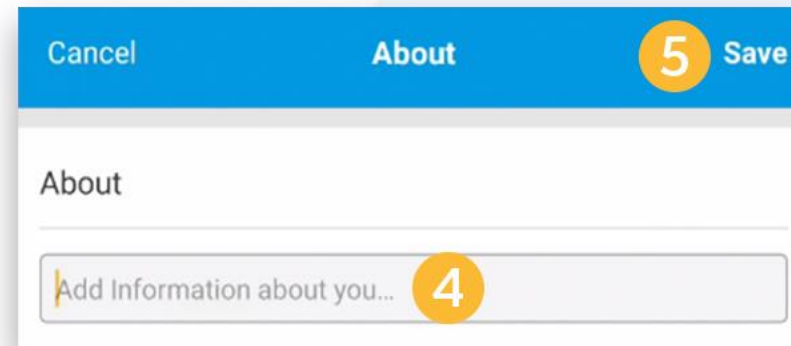

1. First, tap Edit to add your name and location. Note: only the city you live in is shown publicly.
2. Type your full name as you would like it to appear, a description of your location and city you live in.
3. Tap Save.

Step 2: Complete Profile

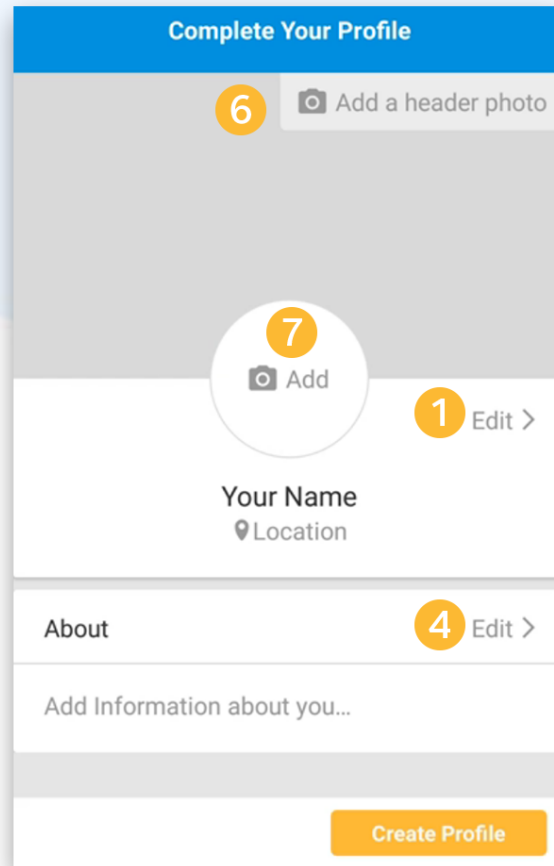

4. Next, tap edit and type a little bit about yourself so buyers can get to know you.

5. Tap Save

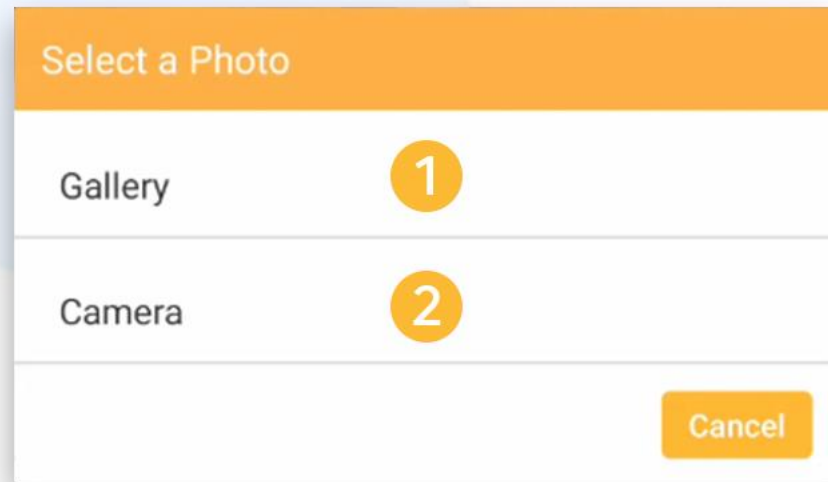

Step 2: Complete Profile

6. Tap here to add a profile background photo and
7. here to add a profile photo. You can choose to add from a photo you have stored on your camera (Gallery) or to take a live photo (Camera). See next slide for instructions.

Step 3: Profile Pictures

Whether you choose to add from your gallery (pictures already on your camera) or with your camera (taking a live picture with your phone camera), you can crop or zoom your picture. Here's how:

1. First, choose whether you will use a photo already stored on your phone or
2. Use your camera to take a live photo.

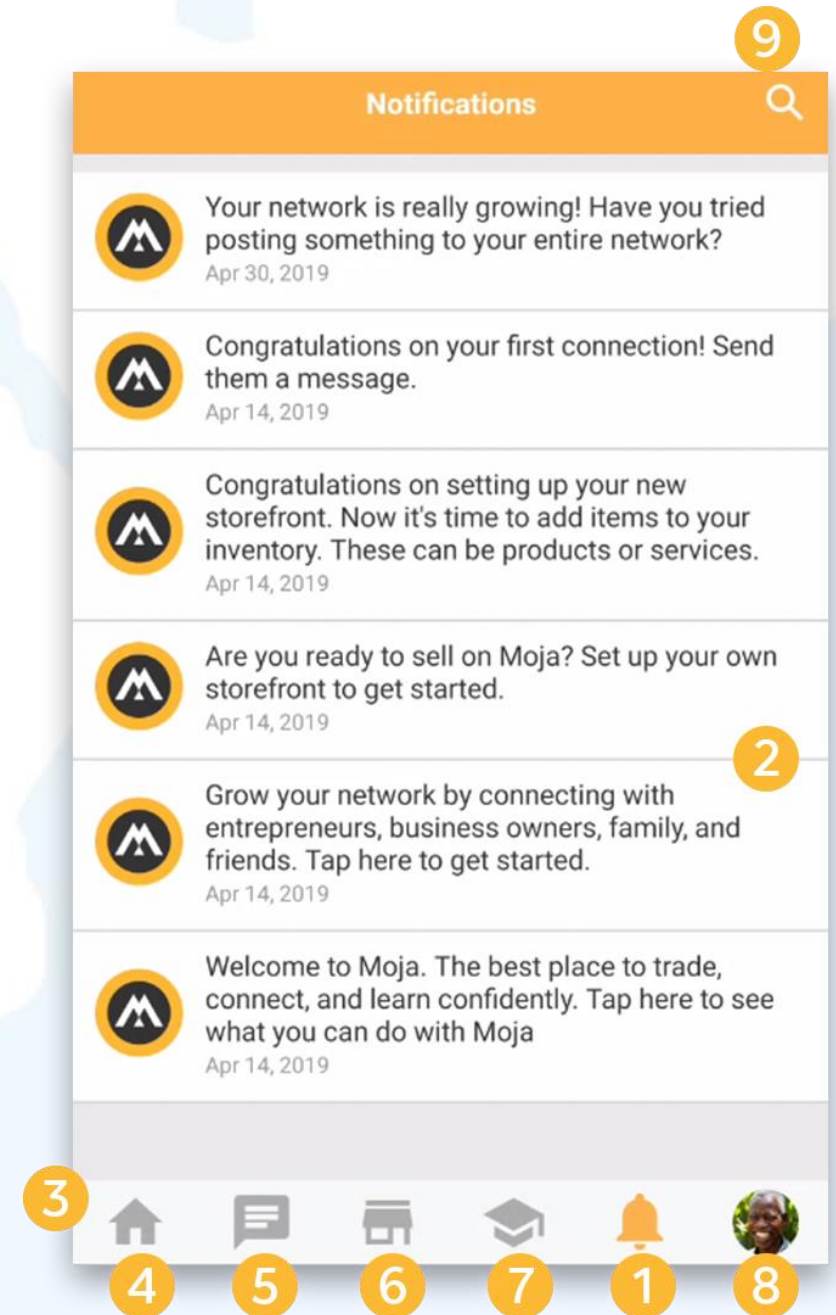

Step 3: Profile Pictures

3. To position the photo, touch and move it.
4. To zoom in or out, move your finger right or left here. Note, you will not be able to zoom the image any smaller than the space provided
5. Or to rotate the image, tap here.
6. When you are done, tap the (check mark) here.

Step 4: Ready to use Moja!

1. Check your SMS or app notifications (at bottom of app) for some ideas of what to do next.
2. Just tap a notification and go!
3. This is the navigation bar that is always present and can quickly take you to where you want to go:
4. Tap the Home button to post a message to your network or see what they are saying.
5. Message your connections and connect to your network
6. Search the marketplace for items to purchase.
7. Learn how to use the app or access content that will help you learn more about starting or running a business.
8. Go to your profile or switch between your personal profile and storefront.
9. At any time, tap the search button to search for people, products, networks or storefronts on Moja.

Let's have some fun! Partner up!!

- Find a partner and connect with them in the app.
 - Look at their profile and tell them “looking good!”
 - Send a message to them.
-
- Now – take some time and send connection requests to others in the room. How many connections can you make?
